THE DEAN FOR THE SCHOOL OF GRADUATE STUDIES, PROF. T. K. TAYLOR SHALL PRESENT TO THE CHANCELLOR CANDIDATES FOR THE AWARD OF:

**DOCTOR OF PHILOSOPHY IN PHYSICS EDUCATION**

1. Kwaleyela Kwaleyela Male Physics Education

## DOCTOR OF PHILOSOPHY IN PHYSICS EDUCATION

**KWALEYELA KWALEYELA** -MSc. Ed; Bed Mas, Dip Sci. Cert Ed.

**THESIS TITLE:** Teaching and Learning of Quantum Mechanics: Case Study of some Universities in Southern Africa.

**K**waleyela Kwaleyela was born on 10<sup>th</sup> January, 1968 in Lukulu District of Western Province, Zambia. He did his primary education at Mulamatila Primary School, in Kaoma District. His junior secondary education was done at Kambule Boys Secondary School from 1982 to 1984 and then his senior secondary education was done at Kaoma School, from 1985 to 1986.

In 1989 to 1991, Kwaleyela did a teacher's Certificate at Mongu Teachers' Training College in Mongu. In 1997 to 1998, he did a Diploma in Science Education at NISTICOL – Chalimbana, in Chongwe.

In 2005 to 2009, Kwaleyela, enrolled at the University of Zambia to do a Bachelor's Degree. In 2012, Kwaleyela enrolled for a Master of Science Degree at the Copperbelt University, studying Quantum Mechanics and Electrodynamics, for which he graduated in 2015.

In 2018, he enrolled for a PhD in Physics Education at the Copperbelt University.

Currently, Kwaleyela is the Acting Dean in the School of Education, as well as a lecturer of Physics at Mukuba University.

Kwaleyela's PhD focused on the Teaching and Learning of Quantum Mechanics: Case Study of some Universities in Southern Africa. Interviews and recruitment of participants for this study were mainly done and conducted during the 17<sup>th</sup> Conference on Mathematics, Science and Technology in Africa (COMSTEDA-17), and the Annual SMASTE-Africa Delegates Conference, held in Nairobi, Kenya; and also, the 28<sup>th</sup> Annual Southern Africa Association for Research in

Mathematics, Science and Technology Education (SAARMSTE Conference) held in Eastern Cape, South Africa. In addition, an on-line E-mail Questionnaire was also administered for more data collection.

The findings from this study, among others, indicated that procurement and use of simulations and other computer aided learning gadgets and environments were needed to enhance meaningful teaching and learning of Quantum Mechanics in the region. With the fast progress of quantum technology and computing, Southern Africa has also entered a new era of understanding the world, and it need not remain behind.

It also emerged from the findings that an Association for Quantum Mechanics Instructors and lecturers was necessary to regulate and evaluate, on a regular basis, the teaching and learning of this subject in the region.

Publications arising from this study include;

- Deterministic and Probabilistic thinking in Introductory Quantum Mechanics,
- Undergraduate physics students' conception of the Linear Harmonic Oscillator in Quantum Mechanics, and;
- Quantum Mechanics Symbolology and how it affects students' understanding of Introductory Quantum Mechanics.

Based on the findings from this study, it was recommended that future research be done on appropriate pedagogical approaches at both undergraduate as well as postgraduate level, and also to ascertain on the essential topics to teach, as well as an investigation be done on the "difficulty" of Quantum Mechanics and its remedial.

## ZAMBIA FORESTRY AND FOREST INDUSTRIES CORPORATION PLC

The Zambia Forestry and Forest Industries Corporation PLC (ZAFFICO) PLC is the country's largest forestry company whose core business focus is to establish and manage industrial exotic pine and eucalyptus plantations. ZAFFICO's business extends to harvest and commercially process timber for supply to the local and foreign markets.

ZAFFICO also operates a Pole Treatment Plant (PTP) in Kalulushi district, Copperbelt Province, with an output capacity of 140,000 wooden treated poles annually. The poles can be used for construction, fencing and transmission.

# THE COPPERBELT UNIVERSITY

## SCHOOL OF MATHEMATICS AND NATURAL SCIENCES

### DISCOVER THE WORLD THROUGH NUMBERS AND SCIENCE

### PROGRAMMES ON OFFER

- Bachelor of Science in Biology
- Bachelor of Science in Chemistry
- Bachelor of Science in Mathematics
- Bachelor of Science in Physics
- Bachelor of science in Biochemistry
- Bachelor of Science in Industrial Chemistry
- Bachelor of science in Biology Education
- Bachelor of Science in Chemistry Education
- Bachelor of Science in Mathematics Education
- Bachelor of Science in Physics Education
- Bachelor of Science Non-Quota

***\*\* All applicants seeking to pursue Engineering and medicine MUST apply in this school under the Bachelor of Science Non-Quota (NQ) programme***

### About the School

Our school offers a dynamic and challenging learning environment with high-quality programs that prepare students for careers in STEM fields. Join our community of curious minds today!

### Admission Criteria

- School Leavers - GCE 5 O'Level Credits or better
- Diploma holders in relevant fields may be exempted for two years

## SCHOOL OF MEDICINE GRADUATION OATH

I came to this Medical School as a vocation. I consider all who have taught me this art as my parents, all with whom I learnt it as my brothers and sisters, and the community from which I learnt it as my family.

I have been honest, hardworking and humble in the process of my learning. I pledge to continue in this attitude in my life and practice.

I will distance myself from those habits, hobbies and entertainments that deter from this goal.

In putting on my medical graduation gown I carry on my shoulders all those traditions, practices and standards that are held as the best in this profession. I carry also the reputation and respect of all those health care workers in Zambia and elsewhere who have practiced this art with distinction. Since I have made this pledge I make you this promise.

Having studied in this community, I am a child of this community. Having now completed my training, I will work towards the better health of this community to the best of my skills, conscience and abilities.

I promise to commit myself to teaching this art to others, to lifelong learning, self-improvement by research and a peer based practice.

This is my commitment in good times, in hard times and in bad times. This is my promise before you all and so, **Help Me God.**

## GRADUATES' OATH

Hereby, while I am graduating from the Copperbelt University;

I Promise that;

I will protect the value of the Copperbelt University which include accountability, academic integrity transparency, academic excellence and environmental sustainability and inclusiveness and social justice;

I will manage my profession with loyalty and care;

I will not advance my personal interest at the expense of the society;

I will always care for public welfare;

I will apply the laws and contracts that govern my profession;

I will refrain from corruption and unfair competition;

I will protect the human rights while carrying out my work;

I will oppose discrimination and exploitation;

I will protect the right of future generations to advance their standard of living and enjoy a healthy planet;

I will work towards the vision of the Copperbelt University being one of the most preferred oases of knowledge and dynamic centres of excellence in Zambia, Africa and beyond.

I will stay loyal to the laws of the Republic of Zambia and will strive to serve my country to the best of my abilities.

This oath I make freely, and upon my honour.

# Zambian National Anthem

Stand and sing of Zambia proud and free  
Land of work and joy in unity,  
Victors in the struggle for the right,  
We've won freedom's fight,  
All one, strong and free.

Africa is our own Motherland,  
Fashion'd with and blessed by God's good hand,  
Let us all her people join as one,  
Brothers, under the sun,  
All one, strong and free.

One land and one nation is our cry,  
Dignity and peace 'neath Zambia's sky,  
Like our noble eagle in its flight  
Zambia – Praise to thee,  
All one, strong and free.

Praise be to God,  
Praise be, praise be, praise be,  
Bless our great nation,  
Zambia, Zambia, Zambia,  
Free men we stand,  
Under the flag of our land,  
Zambia – Praise to thee,  
All one, strong and free.

## African Union Anthem

Let us all unite and celebrate together  
The victories won for our liberation  
Let us dedicate ourselves to rise together  
To defend our liberty and unity

O Sons and Daughters of Africa  
Flesh of the Sun and Flesh of the Sky  
Let us make Africa the Tree of Life

Let us all unite and sing together  
To uphold the bonds that frame our destiny  
Let us dedicate ourselves to fight together  
For lasting peace and justice on earth

O Sons and Daughters of Africa  
Flesh of the Sun and Flesh of the Sky  
Let us make Africa the Tree of Life

Let us all unite and toil together  
To give the best we have to Africa  
The cradle of mankind and fount of culture  
Our pride and hope at break of dawn.

O Sons and Daughters of Africa  
Flesh of the Sun and Flesh of the Sky  
Let us make Africa the Tree of Life

## SADC Anthem

SADC, SADC dawn of our certainty  
SADC, SADC dawn of a better future  
And hope for regional and universal integration  
Towards our peoples unity and harmony

Cradle of humanity  
Cradle of our ancestors  
Let us praise with joy, the realisation of our hopes  
And raise the banner of solidarity  
SADC, SADC SADC, SADC dawn of our certainty
