STATUTE I

1. PREAMBLE

The Copperbelt University (CBU) was established by the Parliament of Zambia as a Public University on 1st December 1987 by Act No. 19 of that year. The Council of the University was established as a body corporate with perpetual succession and a common seal capable of suing and being sued in its corporate name. During 1987, the Government reconstituted the University of Zambia at Ndola into the Copperbelt University (the University of Zambia at Lusaka became The University of Zambia). CBU has several campuses and schools (faculties) including Business, Built Environment, Engineering, Graduate Studies, Mathematics & Natural Sciences, Medicine, Mines and Mineral Sciences, Natural Resources, Humanities and Social Sciences and Information and Communications Technology, thereby offering a wide range of programmes leading to qualifications up to Doctorate level.

CBU is the second largest public University in Zambia. In 2022, the Higher Education Authority awarded CBU the prestigious TIER 1 Higher Education Institution status of the Zambia Qualifications Framework (ZQF 10). CBU'S transformational vision is to continue being a premier institution in teaching, research and innovation for national development and underpinning this vision is the motto "*Knowledge and Service.*"
